Refusal and / or revocation of admission will not give rise to any compensation by way of damages or interest. Participation in the previous edition of the event does not give the Exhibitor any right to automatically participate in the following edition.

Bookings of less than 20 sq.m shall not be accepted, with exception of cases decided indisputably by Hannover Fairs International GmbH. The Application Form may not contain reservations or conditions of any kind, on pain of inadmissibility.

In order to be valid for registration, it must be accompanied by these General Rules and Regulations duly stamped and signed by the legal representative of the company or a person having the necessary powers at the relevant points indicated in the document.

Acceptance of the admission application by Hannover Fairs International GmbH will render the contract binding.

ART. 6. REPRESENTED COMPANIES

Applications presented by Agents, Representatives or Exclusive Vendors must be accompanied by the form "List of Represented Companies", which can be duly downloaded from the exhibition website at the address www.intralogistica-italia.com.

For represented foreign companies

In compliance with new regional regulations with regard to the international nature of exhibitions, all Agents, Representatives or Exclusive Vendors of foreign companies must send, along with the "List of Represented Companies" form, a **declaration** on the represented company's headed letter paper signed by a legal representative thereof, attesting to the exclusivity of the agency or detailing any other representatives covering the Italian territory.

For represented Italian companies

A declaration must be supplied on the represented company's headed letter paper and signed by a legal representative thereof attesting to the existence and permanency of the relationship with said company.

All Applicant Companies must give written notice of any variation or addition to the "List of Represented Companies".

Any omission, on the part of an Applicant Company, of company names in the "List of Represented Companies" will automatically exclude said companies from appearing in any way (including brand, trademarks or products) as Exhibitors at the stand and in the promotional materials prepared by the Organizer (e.g., signage, exhibitor listings). If the above conditions are infringed, the Organisers will send a request to the person nominated in the Application form asking to regulate the situation and, if the infringement persists, the Organisers will be entitled to proceed with the removal from the stand of the name and trademarks of the firm represented and its products, entirely at the liability, risk and expense of the stand holder.

ART. 7. CO-EXHIBITORS AND ADDITIONAL BRANDS

Co-Exhibitors are considered those companies that are present with their products and personnel at a stand that has been booked by the stand holder, irrespective of the ties they have with the direct exhibitor stand holder.

Requests for the acceptance of a Co-Exhibitor must be sent in writing by the stand-holder to Hannover Fairs International GmbH. Each stand holder may not have more than one Co-Exhibitor. In order to be admitted to the Exhibition the Co-Exhibitor must sign acceptance of these General Rules and Regulations and complete a specific Application Form (Hannover Fairs International GmbH will send the Co-Exhibitor the aforementioned application form following the submission of the request by the stand holder) that must be signed by its Legal Representative as well as by the Legal Representative of the stand holder.

The Co-Exhibitor must pay a co-exhibition fee amounting to **€ 1,500 + VAT*** (which includes a contribution for the multimedia service related to the online Catalogue) and which must be paid at the same time as the submission of the Application Form.

Should the Co-Exhibitor withdraw from the Exhibition, the Organisers have the right to retain all fees paid by the Co-Exhibitor. The stand holder is nonetheless responsible together with the Co-Exhibitor for the payment of the co-exhibition fee.

Hosting a Co-Exhibitor without the Organisers' consent shall authorize the latter to immediately terminate this contract de facto due to the negligence of the Exhibitor and to clear out the stand at the exhibitor's expense.

The Co-Exhibitor is forbidden to represent other companies.

Additional brands

Exhibitors and Co-Exhibitors who intend to mention other brands or associated company names (excluding companies/brands for which the exhibitor is a distributor/agent/representative/dealer that are included in the category "Represented Companies", see art. 6) may request the insertion, for a fee, in the alphabetical list in the Exhibition Online Catalogue, with a referral to the company name of the Exhibitor/Co-Exhibitor, at a cost of **€ 200+ VAT*** per additional company name or brand or designation. Acceptance of the application is nevertheless at the exclusive discretion of the Organisers who reserve all rights to not accept it should there be improper use involved. In such a situation the Exhibitor is not required to pay a fee.

Non-indication by the signatory of the Application Form of a Co-Exhibitor or any additional brands represented automatically brings into effect prohibition of any display related to the same in any manner inside the stand (therein including the presence of brands, trademarks, or products) in the Exhibition Online Catalogue and in the promotional materials prepared by the Organizer (e.g., signage, exhibitor listings).

If the above conditions are infringed, the Organisers will send a request to the person nominated in the Application form asking to regulate the situation and, if the infringement persists, the Organisers will be entitled to proceed with the removal from the stand of the brands and trademarks of the company that is not correctly registered and its products, entirely at the liability, risk and expense of the stand holder.
